School Goals

AES strives to promote school success by focusing on academic support and enrichment as well as positive behavior interventions and supports. In the Title I program, we work with students at their level to build knowledge and skills in reading and math. Through our PBIS program, we work on building a positive school culture focused on safe, responsible, and respectful behavior. As a result of this work, we have seen students make progress in both reading and math and a decrease in the number of office referrals.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

AES strives to ensure all students and parents feel welcome by starting our day off with a positive greeting at the door or when students leave their vehicle, in a weekly recorded message, and by hosting award assemblies throughout the year. We focus on teaching a character trait of the month and students are recognized for birthdays and good deeds. Students are recognized for academic achievement and citizenship. Parents are welcome to attend assemblies and celebrate with us. As a result, the number of positive awards and recognition has increased.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of our students, our school utilizes Positive Behavior Interventions and Supports (PBIS) school wide. This program encompasses teaching and practicing expectations in all areas of the school and rewarding students exhibiting positive behaviors. Our staff supports PBIS with the Second Steps program. Through classroom and small group lessons, students learn to manage emotions, problem solve, recognize and report bullying, and in the process learn to show empathy toward others.
