For students with a documented history, the district shall annually provide the parents or guardians of such students, beginning in grade five or after such documented history has been established, the following:

- 1. Information about the availability of high school diplomas, modified diplomas and the requirements for such diplomas; and
- 2. A disclosure that students awarded a certificate of attendance will not be counted as a high school graduate in any reporting for the state or district and that such students awarded a certificate of attendance may not indicate they received a high school diploma on applications for employment, military service, financial aid, admittance to an institution of higher education or any other purpose.

A ¹⁵certificate of attendance¹⁶ will be awarded to students who:

- 1. Have maintained regular full-time attendance¹⁷ for at least four year beginning in grade nine;

Other District Responsibilities

¹⁵ The Board shall define criteria for a certificate of attendance. OAR 581-022-2200 (3). See the Oregon Department of Education's [Certificates for School Completion: Questions and Answers Related to the Implementation of SB 992](#)

¹⁶ A Student who began grade 9 before July 1, 2020, may be awarded an alternative certificate if the student satisfies the requirements for an alternative certificate which are in effect on the day before July 1, 2024.

¹⁷ "Regular full-time attendance" means not being absent for more than 10 percent of school days that the student is enrolled in a school year. See OAR 581-020-0631 for definition of chronic absenteeism. Excused absences will not be counted against a student.

¹⁸ "Documented history" means evidence in the cumulative record and education plans of a student that demonstrates the inability over time to maintain grade level achievement even with appropriate modifications and accommodations.

The district will ensure that all students have onsite access to the appropriate resources and courses to achieve high school diplomas, modified diplomas, and extended diplomas at each high school in the district. The district will provide [age-appropriate and developmentally appropriate] literacy instruction to all students until graduation.

The district may not deny a student who has the documented history listed under the modified diploma or extended diploma requirements outlined above the opportunity to pursue a diploma with more stringent requirements, for the sole reason the student has the document history.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of a student who is an emancipated minor or who has reached the age of 18 (adult student) at the time the modified or extended diploma is awarded, or the student's parent or guardian. The district must receive the written consent during the school year in which the modified diploma or the extended diploma is awarded.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or a certificate of attendance in the later of 4 years after starting grade 9, or until the student reaches the age of 21 years if the student is entitled to a public education until the age of 21 under state or federal law.

A student may complete the requirements for a modified diploma, an extended diploma or a certificate of attendance in less than four years but not less than three years. To satisfy the requirements for a modified diploma, an extended diploma or a certificate of attendance in less than 4 years, the student's parent or guardian or a student who is emancipated or has reached the age of 18 must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21. A copy of the consent will be forwarded to the district superintendent who will annually report to the Superintendent of Public Instruction the number of such consents.

A student who qualifies to receive or receives a modified diploma, an extended diploma, or a certificate of attendance shall have the option of participating in a high school graduation ceremony with the student's class.

A student who receives a modified diploma, an extended diploma or a certificate of attendance shall have access to instructional hours, hours of transition services and hours of other services that are designed to meet unique needs of the student. When added together, the district will provide a total number of hours of instruction or services to the student that equals at least the total number of instructional hours that is required to be provided to students who are attending a public high school. The district may not unilaterally decrease the total number of hours of instruction and services to which the student has access regardless of the age of the student.

The district will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a free appropriate public education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, a certificate of attendance or completion of a General Education Development document. The continuance of services for students with

disabilities for a modified diploma, extended diploma or certificate of attendance is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

Students and their parents will be notified of graduation and diploma requirements.

The district may not deny a diploma to a student who has opted out of the statewide assessments if the student is able to satisfy all other requirements for the diploma. Students may opt-out of the Oregon statewide assessments in language arts and/or mathematics by completing the Oregon Department of Education's Opt-out Form¹⁹ and submitting the form to the district.

The district will issue a high school diploma to a veteran if the veteran resides within the boundaries of the district or is an Oregon resident and attended a high school of the district, or to a deceased veteran, upon request from a representative of the veteran, if the deceased veteran resided within the boundaries of the district at the time of death or was an Oregon resident at the time of death and attended a high school of the district.

The act of student-initiated test impropriety is prohibited. A student that participates in an act of student-initiated test impropriety will be subject to discipline. "Student-initiated test impropriety" means student conduct that is inconsistent with the *Test Administration Manual* or accompanying guidance; or results in a score that is invalid.
