The material covered within this student handbook is intended as a method of communicating to students and parents regarding general district information, rules, procedures, and is not intended to either enlarge or diminish any Board policy, administrative regulation or collective bargaining agreement. Material contained herein may therefore be superseded by such board policy, administrative regulation or collective bargaining agreement. Board policies are available at each school office during business hours and the district website.

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice. Notification may be provided when appropriate.

Amity School District 4J does not discriminate on any basis protected by law, including but not limited to, an individual's perceived or actual race, religion, color, national or ethnic origin, mental or physical disability, marital status, sex, sex orientation, gender identity, age, pregnancy, familial status, economic status, veterans' status, or genetic information in providing education or access to benefits of education services, activities and programs in accordance with Titles VI and VII of the Civil Rights Act, Title IX of the Education Amendments and other applicable civil rights or discrimination laws; Section 504 of the Rehabilitation Act; the Americans with Disabilities Act; and the Americans with Disabilities Act Amendments Act, Title II of the Genetic Information Nondiscrimination Act.

The following has been designated to coordinate compliance with these legal requirements and may be contacted at the District Office for additional information and/or compliance issues.

--Jeff Clark, Superintendent

STATEMENT OF UNDERSTANDING REGARDING STUDENTS' RIGHTS AND RESPONSIBILITIES

Parents and students must acknowledge receipt of the Student Code of Conduct and the consequences to students who violate district disciplinary policies. Parents objecting to the release of directory information on their student must notify the district office within 15 days of receipt of the student handbook.

Parents must also give their signed and dated written permission for the district to release personally identifiable information. The parent and student signatures on the registration form acknowledge the following:

I have been given a copy of the Student Handbook. I understand and consent to the responsibilities outlined in the Student Code of Conduct. I also understand and agree that my student shall be held accountable for the behavior and consequences outlined in the Student Code of Conduct at school during the regular school day, at any school- related activity regardless of time or location and while being transported on district-provided transportation. I understand that should my student violate the Student Code of Conduct he/she shall be subject to disciplinary action, up to and including expulsion from school and/or referral to law enforcement officials, for violations of the law.

Regarding student education records, I understand that certain information about my student is considered directory information and is generally not considered harmful or an invasion of privacy if released to the public. This information can be released without parental consent, unless the student has been opted out. Directory information includes, but is not limited to: the student's name, address (including electronic address), telephone listing, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards

received and the most recent previous educational agency or institution attended. I have given a list of those types of directory information listed above to the building principal that I wish the district to withhold.

I also understand that the district is required by law to release secondary students' names, addresses and telephone numbers to military recruiters and/or institutions of higher education unless parents or eligible students request that the district withhold this information.

I also understand that certain student information is considered personally identifiable information and may be released only with prior notification by district of the purpose(s) the information will be used, to whom it will be released, and my prior written, dated, and signed consent, unless otherwise permitted by law. Personally identifiable information includes, but is not limited to: the student's name or the name of the student's parents or other family member; the address of the student or student's family; personal identifiers such as the student's social security number, student identification number, or biometric record; a list of personal characteristics that would make the student's identity easily traceable such as their date of birth, place of birth, and mother's maiden name; information requested by a person who the district reasonably believes knows the identity of the student to whom the educational records relates; or other such information that would make the student's identity easily traceable

I understand that unless a parent or eligible student objects to the release of any or all of this information within 15 school days of the date this student handbook was issued to my student, directory information may be released by the district for use in local school publications, other media and for such other purposes as deemed appropriate by the principal, and my secondary student's name, address and telephone number will be released upon a request made by military recruiters and/or institutions of higher education.

I also understand that certain student information is considered personally identifiable information and may be released only with prior notification by the district of the purpose(s) the information will be used, to whom it will be released and my prior written, dated and signed consent unless otherwise permitted by law.

Personally identifiable information includes, but is not limited to: the student's name or the name of the student's parents or other family member; the address of the student or student's family; personal identifiers such as the student's social security number, student identification number or biometric record; a list of personal characteristics that would make the student's identity easily traceable such as their date of birth, place of birth and mother's maiden name; information requested by a person who the district reasonably believes knows the identity of the student whom the educational records relates; or other such information that would make the student's identity easily traceable.

A parent or student 18 years of age or an emancipated student, may not opt out of directory information to prevent the district from disclosing or requiring a student to disclose their name or from requiring a student to disclose a student ID card or badge that exhibits information that has been properly designated directory information by the district in policy JOA - Directory Information.

ADMISSION

A student seeking enrollment in the district must register in the office. All students enrolled in the district must comply with Oregon laws related to age, residence, health, attendance, and immunization. Age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations, may be required.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services will not be provided to students expelled from another school district for violation of applicable state or federal weapons laws and who subsequently become a resident of the district.

A parent(s) of any student receiving regular education, Section 504 of the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent's intent to obtain private services, the parent's rejection of the educational program offered by the district and the parent's request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement requests.

ALTERNATIVE EDUCATION PROGRAMS

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may, based on district criteria, provide alternative education programs for students expelled from another district for a violation of applicable state or federal weapons laws.

In-District Alternative Education Programs

1. Tutorial instruction;
2. Instructional activities provided by other accredited institutions;
3. Expanded Options Program (Winema West)
4. Independent study;
5. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the building administrator.

Non-district Alternative Education Programs

1. Other school(s)/program(s);
2. Community college;
3. Others as approved by the district.

The district pays the alternative education program cost or an amount equal to 80 percent of the district's estimated current year's average per student cost, whichever is less, for placing students in non-district alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semi-annual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

ESTABLISHMENT OF ALTERNATIVE EDUCATION PROGRAMS

Proposals from parents or students for the establishment of an alternative education program shall be submitted in writing to the superintendent or designee.

"Alternative education program" means a school or separate class group designed to best serve students' educational needs and interests and assist students in achieving the academic standards of the district and the state.

Proposals for alternative education programs shall include the following:

1. Goals;
2. Criteria for enrollment;
3. Proposed budget;
4. Staffing;
5. Location;
6. Assurance of nondiscrimination.

Proposals must be submitted to the superintendent or designee prior to November 1 for programs to be implemented the following school year. Proposals will be reviewed by the district. Contact the building principal or district office for additional information on submitting proposals, the evaluation and approval process.

NOTIFICATION OF ALTERNATIVE EDUCATION

Individual notification to students and parents regarding the availability of alternative education programs will be given semi-annually or when new programs become available under the following situations, as appropriate:

1. When two or more severe disciplinary problems occur within a three-year period (Severe disciplinary problems will be defined in the Student Code of Conduct.);

2. When attendance is so erratic the student is not benefiting from the educational program. Erratic attendance means the student is frequently absent to the degree that the student is not benefiting from the education program as determined by the district;
3. When an expulsion is being considered; *
4. When a student is expelled; *
5. When a student's parent or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be hand-delivered or sent by certified mail. Parents shall receive individual notification prior to an actual expulsion.

Notification shall include:

1. The student's action;
2. A list of alternative education programs for the student;
3. The program recommendation based upon the student's learning styles and needs;
4. Procedures for enrolling the student in the recommended program.

The district will not provide alternative education programs for students expelled from another district for violations of applicable state or federal weapon.

ANIMAL DISSECTION

In courses including animal dissection, a student may request alternative coursework rather than participate in dissection activities on any animal. The district will provide alternative materials and methods of learning the course curriculum. A student will not be penalized for exercising this option for alternative instruction opposed to animal dissection.

ASBESTOS

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The maintenance supervisor serves as the district's asbestos program manager and may be reached for additional information.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action.

ASSESSMENT PROGRAM

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and to identify students who meet or exceed the performance standards adopted by the State Board of Education.

Students may annually opt-out of taking the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms for opting-out of the statewide assessments to the student. The district shall provide supervised study time for students who are excused from participating in the assessment.

The act of student-initiated test impropriety is prohibited. A student that participates in an act of student-initiated test impropriety will be subject to discipline. "Student-initiated test impropriety" means student conduct that is inconsistent with the Test Administration Manual or accompanying guidance; or results in a score that is invalid.

ASSIGNMENT OF STUDENTS TO CLASSES

Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. Parent requests to place a student in a particular class may be submitted to the building principal or a counselor prior to June 1 of the school year in question, or no later than six weeks prior to a semester break during a school year. Requests to change a student's assigned class must be directed to the building principal. Final decisions are the responsibility of the building principal or designee.

ATTENDANCE

All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend public full-time school, unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

A parent will be issued a notification in writing and in the native language of the parent, and in accordance with law, the principal will schedule a conference with the non-attending student and their parent(s) to discuss attendance requirements. At this time the parent has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or a review of the student's current IEP.

Persons having control of a student between the ages of 6 and 18, who has not completed grade 12, and who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school may be a Class C violation of the law and is punishable by a court imposed fine.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child may be a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

We are concerned about your student's safety in getting to school. To avoid confusion about your student's whereabouts, please call the office at your child's school by 8:30 am if your student is going to be absent for any reason.

All the schools have automated answering systems to aid in reporting absences early in the morning or the night before.

To excuse an absence, a note is required from parents/guardians upon the student's return to school.

Absences and Excuses

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness. Including mental and behavioral health of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Student is a dependent of a member of the U.S. Armed Forces who is on active duty or called to active duty. The student may be excused for up to seven days during the school year;
5. Field trips and school-approved activities;

6. Medical or dental appointments. Confirmation of appointments may be required;
7. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone, or another method identified **in writing** by the parent or guardian. If the parent/guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal or religious considerations.

A student who must leave school during the day, must bring a note from their parent. A student who becomes ill during the school day should, with the teacher's permission, report to the office. The office staff will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment. Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason will not be allowed to participate in school-related activities on that day or evening. (The only exception is a pre-arranged approval by the building principal.)

Unexcused Absences

These are absences that do not meet the criteria set down by state law and/or are not in accord with the high value we place on education at Amity School District. Absences may also be deemed unexcused for:

- Absences more than one day, which are not pre-arranged: Example: Field Trips, Hunting, Family Events, and State Competitions.
- Failure to notify the attendance office within one day after an unforeseen absence.
- Failure to get clearance from the office prior to leaving school during the school day. All work missed during an unexcused absence will receive a zero.

We feel however, that every educational assignment made is worth doing. Students will, therefore, be required to make up work missed. Teachers are encouraged not to allow extra credit work until all assignments are satisfactory completed or to design some other incentive to ensure missed work is done.

Students who arrive at school late must check in at the office. Parents should call the Office, if possible, or send a note with the student.

Students who get ill or injured during the day or for some other reason have to leave school must come to the office so that parents can be notified. Students who leave without the authorization of the office will be considered as truant and will be subject to disciplinary action.

Exemptions from Compulsory Attendance

The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:

1. Employed full-time;

2. Employed part-time and enrolled in school part-time;
3. Enrolled in a community college or other state-registered alternative education program.

All such request must be submitted in writing to the principal and include documentation of the student's employment by the employer, or enrollment status by the school. The school requires notification should the student's employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent or emancipated student and a review of credits earned for graduation, grades, disability, if applicable, standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only, must be renewed on a semi-annual basis and will be reviewed by the school no later than the second week of each semester.

Parents will be notified of the need to reapply for an exemption no later than the second week of each semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

Absences and Extra-Curricular Activities

Students must be present in school at least one-half day before they can attend any extra-curricular activity outside of the school day. If an activity is scheduled for a non-school day, the attendance requirement goes back to the previous school day. However, with pre-arranged administrative approval, a student may attend extra-curricular activities scheduled on a non-school day only if the absence on the previous day was pre-arranged or if it meets the criteria of "excused" and "pre-arranged" absences. **Any unexcused absences during the day will result in the inability to participate in activities.**

Tardies

Start your student's day off on the right foot. Please get your student to school on time. Coming in late can disrupt such procedures as classroom directions, breakfast, and taking attendance. To excuse a tardy, a note is required from parents/guardians. Each building sets its own procedures for dealing with tardies. Please see individual building sections for detailed information.

Truancy

A student who is absent from school or from any class without permission will be considered truant and may be subject to disciplinary action including detention, suspension, ineligibility to participate in athletics or other activities.

Leaving School Early

If your student needs to leave during the school day, please meet your student at the office and sign them out of school. For the student's safety, it is best if they wait for you inside the building. A student will not be released to any person without the approval of his/her parent or as otherwise provided by law.

Withdrawing from School

If you plan to transfer your student to another school, please notify the office at least one day before your last day so we can help make the transfer as smooth as possible. Parent contact is required. There is a checkout sheet that needs to be completed by the teacher and other departments in the school before your student's last day with us. The new school will ask you to sign a form requesting us to forward your student's records.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies, equipment, and furniture supplied by the school. The person responsible must pay for damaged or lost property.

Amity School District permits non-curriculum-related student-led groups at the secondary level to meet on school premises in accordance with the Federal Equal Access Act.

COMMUNICABLE DISEASES

The district shall provide reasonable protection against the risk of exposure to communicable disease for students. Reasonable protection from communicable disease is generally attained through immunization, exclusion or other measures as provided by Oregon law, by the local health department or in the Communicable Disease Guidance published by the Oregon Department of Education (ODE) and the Oregon Health Authority (OHA). Services will be provided to students as required by law.

A student will not attend school while in a communicable stage of a restrictable disease or when an administrator has reason to suspect that any susceptible student has or has been exposed to any disease for which the student is required to be excluded in accordance with law per administrative regulations GBEB-AR – Communicable Diseases-in Schools. If the disease is a reportable disease, the administrator will report the occurrence to the local health department. The administrator will also take whatever reasonable steps it considers necessary to organize and operate its programs in a way which furthers the education and protects the health of students and others.

Parents of a student with a communicable or contagious disease are asked to telephone the principal so that other students who have been exposed to the disease can be alerted. Parents with questions should contact the school office.

COMMUNICATION WITH PARENTS

Amity School District staff will communicate with you on a regular basis. Upcoming events will be listed on the reader board outside the elementary school, and high school. A current listing of events are also available on the Amity Web Page at www.amity.k12.or.us, and on the district and each of the school's Facebook page

COMPUTER USE

Computer skills are essential in today's society. We are taking steps to acquaint all students on the appropriate way to use a computer as an educational tool. Because of this, your child may utilize the school district's electronic communications system, but requires your permission to participate.

As you may already know, the Internet is a computer network system which links smaller networks creating a large and diverse global network. The Internet allows your child the opportunity to tremendously expand their resources to research various subjects and share information with many other people near and distant by sending and receiving messages using the computers and the network system such as the Library of Congress, Oregon State Library, colleges and universities, etc. This is an outstanding opportunity to do research, gather information and communicate with other schools, colleges, organizations and individuals around the world.

With this educational opportunity also comes responsibility. This responsibility encompasses not only the student's appropriate behavior while using the Internet, but also applies to the general use of the district's computers. It is imperative that you and your child read the General System User Responsibilities and agreement form and discuss these responsibilities together. The administrative rules are available at any time for review. Inappropriate system and/or computer use will result in the loss of the Privilege to use these educational tools. Violators will be subject to further discipline in accordance with the district's policies and applicable administrative regulations.

In spite of our campaign to establish regulations for the district's electronic communications system, please be aware there may be material or communications on the Internet that district staff, parents, and students alike would find objectionable. We have made efforts to impede Internet sites that may contain such material by installing software that block such sites. Despite these efforts, we cannot filter all items posted on the connecting computers by others, nor can we monitor student computer use 100% of the time.

Please acknowledge your understanding on the signature form located on the student registration form indicating you and your child have read and understand the General System User Responsibilities. Please indicate your permission, or denial of permission, for your child to participate in the district's electronic communications system by checking the appropriate box.

The district's electronic communications system meets the following federal Children's Internet Protection Act requirements:

- Technology protection measures have been installed and are in continuous operation to protect against Internet access by both adults and students to visual depictions that are obscene, child pornography or, with respect to the use of the computers by students, harmful to students.
- Educating minors about appropriate online behaviors, including cyberbullying awareness and response, and interacting with other individuals on social networking sites and in chat rooms;
- The on-line activities of students are monitored;
- Access by students to inappropriate matter on the Internet and World Wide Web is denied;
- Procedures are in place to help ensure the safety and security of students when using electronic mail, chat rooms and other forms of direct electronic communications;
- Unauthorized access, including so-called "hacking" and other unlawful activities by students on-line is prohibited;
- Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
- Measures designed to restrict students' access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the district's information system are the district's property and are to be used for authorized purposes only. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fee, Fines and Charges.

DISCIPLINE/DUE PROCESS

The Amity School District discipline policy, as well as the individual building policies, in partnership with students, parents/guardians, teachers, and community members, works to hold students accountable for their behavior so they experience success in school and become productive workers and contributing members of our society.

The following rules and procedures are designed to protect the safety, rights, and responsibilities of students, parents, and employees. Every reasonable effort will be made to transform unacceptable behavior into acceptable behavior.

The policy applies to student conduct, which occurs while a student is:

- On school premises before, during or after normal school hours.
 - At a school-sponsored event (either on or off school premises) before, during, and after normal school hours.
 - Traveling to and from school or a school-sponsored event.
 - On school premises at any other time when the school is being used for a school-sponsored event.
 - Enrolled in summer school.

A student who violates the Student Code of Conduct shall be subject to disciplinary action. See individual school sections for building specific rules and procedures.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the District is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, they may also be referred to law enforcement officials. Violations of the district's weapons policy shall be reported to law enforcement, when required by law.

No student will be subjected to corporal punishment.

Detention

A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a nondisabled student, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

Expulsion

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law. This is the permanent removal from school for the remainder of the semester by the action of the hearing's officer. When expulsion is contemplated against a student, they are permitted to have a hearing unless they and their parent or guardian waive, in writing, this right. By waiving the right to a hearing, the student and their parent agree to abide by the lawful finds of the hearing court.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of expulsion of a student in the fifth grade or below, is limited to:

- Non-accidental conduct causing serious physical harm to a student or employee;
- When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
- When the expulsion is required by law.

The principal will be responsible for investigating acts of student misconduct, violations of school policies, or the disregard of Oregon Board of Education regulations that constitute the reason for recommending expulsion, and will inform the superintendent before making such recommendations.

- The student is suspended pending investigation for a possible expulsion.
- The student is not allowed on district property unless permission is granted by the principal and the student is supervised by a staff member or parent/guardian.
- A report of the student's misbehavior and record is referred to the District Superintendent.
- The Superintendent will mail to the parent by certified mail, a notice stating that the Superintendent has received a report recommending expulsion and inform the parent and/or student that they may appear at a specified time and place to confer with the Superintendent concerning the recommended expulsion.
- An expulsion shall not extend beyond one calendar year.

Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) will full conduct which damages or injures district property.

The use of out-of-school suspension for discipline of a student in the fifth grade or below, is limited to: a) nonaccidental conduct causing serious physical harm to a student or employee; b) when a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or c) when the suspension or expulsion is required by law.

When an out-of-school suspension is imposed on a student in the fifth grade or lower, the district shall take the steps to prevent the recurrence of the behavior that let to the out-of-school suspension and return the student to a classroom setting to minimize the disruption of the student's academic instruction.

The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

Suspension Procedures

1. A student may be suspended after they have had an opportunity to present their view regarding an alleged act of misconduct before the Principal. If, in their opinion, the student's conduct warrants suspension, the parents will be mailed a written notice regarding the suspension. This notice is to include the reason for the suspension and the conditions regarding the suspension and reinstatement.
2. The parents or guardians will be notified by phone and a letter will be sent home as soon as possible describing the problem and the action taken.
3. When parents cannot be contacted, the decision to send the student home, to allow them to remain on school premises, or to refer them to the proper authorities will be made with consideration of student's age, maturity, and the nature of the misconduct that caused the suspension.
4. Student suspended under emergency conditions shall be provided with the same procedures as soon as the emergency condition has passed. These procedures may be postponed in emergency situations relating to health and safety. Emergency situations shall be limited to those instances where there is a serious risk that substantial harm will occur if the suspension does not take place immediately.
5. The parents or guardians may request and be given a conference with the Principal or Vice Principal.
6. In all suspensions, the School Board shall have the right of final review.

7. The Amity School Board of Directors and Amity School District Staff feel that every educational assignment given is worth doing. Students will, therefore be given the opportunity to turn in the missing assignments when they return from their suspension period. The assignments will be graded with a 25% deduction in grade. It will be the student's (and parent's) responsibility to pick up homework and assignments so that all work is completed and turned in the day the student has his/her re-admittance meeting with the school administrator. The student will be allowed to make up work for credit that covers more time than the period of suspension (OAR 581-21-065) without penalty.
8. Suspended students are not permitted on school grounds during the specified suspension time. Nor are they permitted to attend school-sponsored activities including sports practices and/or games.

We further feel that the academic areas are of primary importance and that to be involved in extra-curricular activities a student shall expect to first demonstrate good scholastic effort and satisfactory growth in responsible citizenship.

Students and parents will be required to sign a participation agreement found in the back of the Amity School District Coaches & Athletic/Activity Handbook.

For more information on what clubs and organizations are available, see specific building sections.

Debts not paid within 10 calendar days of the district's notice to the student and parent will result in possible restrictions and/or penalties, until the debt is paid and possible referral of the debt to a private collection agency or other methods available to the district.

A request to waive the student's debt must be submitted in writing to the superintendent or designee. Fees, fines and charges owed to the district may be waived at the discretion of the superintendent if:

- The district determines that the parent of the student is unable to pay the debt;
- The payment of the debt could impact the health or safety of the student;
- The creation of the notice of the debt owned would cost more than the potential total debt collected relating to the notice;
- There are mitigating circumstances as determined by the superintendent or designee that preclude the collection of the debt.

Such requests must be received no later than 10 calendar days following the district's notice.

All such restrictions and/or penalties shall end upon payment of amount owed.

FLAG SALUTE

Students shall receive instruction in respect for the national flag and will be provided an opportunity to salute the United States flag at least once a week during the school year by reciting *The Pledge of Allegiance*.

Individual students who do not participate in the salute must maintain a respectful silence during the salute.

FUNDRAISING

Student organizations, clubs or classes, athletic teams, outside organizations and/or parent groups may occasionally be permitted to conduct fund-raising drives. An application for permission must be made to the principal at least five days before the event.

All funds raised or collected by or for school-approved student groups **must be receipted, deposited and accounted for in accordance with Oregon law and applicable district policy and procedures**. All such funds will be expended for the purpose of supporting the school's approved activities program. The principal is responsible for administering student activity funds. The student body treasurer serves as the student government representative in administration of student activity funds.

GANGS

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities and a student's ability to meet curriculum and attendance requirements.

A gang is defined as any group that identifies itself through the use of a name, unique appearance or language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations and athletics and to discuss with staff and district officials the negative consequences of gang involvement and to seek the assistance of counselors for additional guidance and district and community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (gestures, handshakes, etc.) signifying gang membership or affiliation. No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies.

Students in violation of the district’s gang policy will be subject to discipline in accordance with the district’s Student Code of Conduct.

GRADE CLASSIFICATION

After the ninth grade, students are classified by grade level according to the number of units of credit earned toward graduation.

Units of Credit Earned	Grade Placement
6	10 (sophomore)
12	11 (junior)
18	12 (senior)

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student’s attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student’s disability or an excused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION EXERCISES

Students in good standing who have successfully completed the requirements for a high school diploma, qualify to receive or receives a modified diploma, an extended diploma, or alternative certificate, including a student with disabilities receiving a document certifying successful completion of program requirement, shall have the option to participate in graduation exercises. Students may be denied participation in graduation exercises for violation of Board policies, administrative regulations or school rules.

A student shall be allowed to wear a dress uniform issued to the student by a branch of the U.S. Armed Forces if the student:

- 1. Qualifies to receive a high school diploma, a modified diploma, an extended diploma or an alternative certificate;

2. Has completed basic training for, and is an active member of, a branch of the U.S. Armed Forces.

Graduating students will be allowed to wear items of cultural significance, in accordance with state law.

The valedictorian(s), salutatorian(s) or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.

Graduation students will be allowed to wear Native American items of cultural significance.

Student speeches may be permitted at the discretion of the district and shall be reviewed and approved in advance by the building principal. Additional guidelines are listed in the High School section of this handbook.

GRADUATION REQUIREMENTS

The Board establishes graduation requirements for the awarding of a high school diploma, modified diploma, extended diploma and certificate of attendance which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than 4 years if consent is received by the student's parent or guardian, or by the student if they are 18 years of age or older or emancipated. A student that has completed the requirements for early graduation will no longer be eligible to participate in high school activities.

Students will have onsite access to the appropriate resources and courses to achieve high school diplomas, modified diplomas, and extended diplomas at each high school in the district. The district provides age appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student, the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history listed under the modified or extended diploma requirements.

The district may award a modified diploma or extended diploma to a student only upon the written consent of the student who is an emancipated minor or who has reached the age of 18(adult student) at the time the modified or extended diploma is awarded, or student's parent or guardian. The district ~~must~~ receive the written consent during the school year in which the modified diploma or the extended diploma is awarded.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or a certificate of attendance in the later of 4 years after starting grade 9, or until the student reached the age of 21, if the student is entitled to public education until the age of 21 under state or federal law.

A student may complete the requirements for a modified diploma, extended diploma or a certificate of attendance in less than 4 years but not less than 3 years. To satisfy the requirements for a modified diploma, extended diploma or alternative certificate in less than 4 years, the student's parent or guardian or a student who is emancipated or has reached the age of 18, must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student the age of 21.

A student who qualifies to receive or receives a modified diploma, an extended diploma, or a certificate of attendance will have the option of participating in a high school graduation ceremony with the student's class.

A student who received a modified diploma, extended diploma, or a certificate of attendance shall have access to instructional hours, hours of transition services and hours of other services that are designed to meet the unique needs of the student. When added together, the district will provide a total number of hours of instruction and services to the student that equals at least the total number of instructional hours that are required to be provided to students who are

attending a public high school. The district may not unilaterally decrease the total number of hours of instruction and services to which the student has access regardless of the age of the student.

The district will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an individualized education program ("IEP") completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education ("FAPE") until the age of 21, even if they have earned a modified diploma, an extended diploma, a certificate of attendance or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, extended diploma or a certificate of attendance is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

The district may not deny a diploma to a student who has opted out of the statewide assessment if the student is able to satisfy all other requirements for the diploma. Students may opt-out of the Oregon statewide assessments in language arts and/or mathematics by completing the Oregon Department of Education's Opt-out Form and submitting the form to the district.

The act of student-initiated test impropriety is prohibited. A student that participates in an act of student-initiated test impropriety will be subject to discipline. "Student-initiated test impropriety" means student conduct that is inconsistent with the Test Administration Manual or accompanying guidance; or results in a score that is invalid. Students and their parents will be notified of graduation and diploma requirements through the high school curriculum guide.

Lockers may be routinely inspected without prior notice to ensure no item which is prohibited on district premises is present; maintenance of proper sanitation, mechanical condition and safety; and to reclaim district property including instructional materials.

A student has full responsibility for the security of the locker and is responsible for making certain it is locked and that the combination is not available to others. Valuables should never be stored in the student's locker. The district will not be responsible for the loss of, or damage to, personal property.

MEAL PROGRAM

The district participates in the National School Lunch Program, School Breakfast Program, and Commodity Programs and offers free meals which may be based on a student's financial need.

Parents who do not want their student interviewed or photographed should direct their student accordingly.

District employees may release student information only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.

MEDICATIONS

The district recognizes that administering a medication to a student and/or permitting a student to administer a medication to them-self, may be necessary when the failure to take such medication during school hours would prevent the student from attending school, and recognizes a need to ensure the health and well-being of a student who requires regular doses or injections of a medication as a result of experiencing a life-threatening allergic reaction or adrenal crisis, or a need to manage hypoglycemia, asthma or diabetes. Accordingly, the district may administer or a student may be permitted to administer to them-self prescription (injectable and noninjectable) and/or nonprescription (noninjectable) medication at school.

The district shall designate personnel authorized to administer medications to students. Training shall be provided to designated personnel as required by law in accordance with guidelines approved by the Oregon Department of Education (ODE). When a licensed health care professional is not immediately available, trained personnel designated by the district may administer epinephrine, glucagon or another medication to a student as prescribed and/or allowed by Oregon law.

A current first-aid and CPR card is required for designated personnel.

The district reserves the right to reject a request for administration of medication at school, either by district personnel or student self-administration, if the medication is not necessary for the student to remain in school.

The superintendent and/or designee will require that an individualized health care plan and allergy plan is developed for every student with a known life-threatening allergy or a need to manage asthma, and an individualized health care plan for every student for whom the district has been given proper notice of a diagnosis of adrenal insufficiency. Such a plan will include provisions for administering medication and/or responding to emergency situations while the student is in school, at a school-sponsored activity, under the supervision of school personnel, in a before-school or after-school care program on school-owned property and in transit to or from school or a school-sponsored activity.

A student may be allowed to self-administer a medication for asthma, diabetes, hypoglycemia or severe allergies as prescribed by an Oregon licensed health care professional, upon written and signed request of the parent or guardian and subject to age-appropriate guidelines. This self-administration provision also requires a written and signed confirmation

the student has been instructed by the Oregon licensed health care professional on the proper use of and responsibilities for the prescribed medication.

A request to the district to administer or allow a student to self-administer prescription medication shall include a signed prescription and treatment plan from a prescriber.

A request to the district to administer or allow a student to self-administer nonprescription that is not approved by the Food and Drug Administration (FDA) shall include a written order from the student's prescriber that meets the requirements of law.

A written request and permission form signed by a student's parent or guardian, unless the student is allowed to access medical care without parental consent under state law, is required and will be kept on file.

If the student is deemed to have violated Board policy or medical protocol by the district, the district may revoke the permission given to a student to self-administer medication.

Prescription and nonprescription medication will be handled, stored, monitored, disposed of and records maintained in accordance with established district administrative regulations governing the administration of prescription or nonprescription medications to students, including procedures for the disposal of sharps and glass.

A process shall be established by which, upon parent or guardian written request, a back-up prescribed auto-injectable epinephrine is kept at a reasonably, secure location in the student's classroom as provided by state law.

A premeasured dose of epinephrine may be administered by trained designated personnel to any student or other individual on school premises who the person believes, in good faith, is experiencing a severe allergic reaction, regardless of whether the student or individual has a prescription for epinephrine.

Naloxone (Narcan) or any other similar medication that is in any form available for safe administration and that is designed to rapidly reverse an overdose of an opioid drug may be administered by trained, designated personnel to any student or other individual on school premises who the person believes in good faith is experiencing an opioid overdose.

This policy shall not prohibit, in any way, the administration of recognized first aid to a student by district employees in accordance with established state law, Board policy and administrative regulation.

A school administrator, teacher or other district employee designated by the school administrator is not liable in a criminal action or for civil damages as a result of the administration, in good faith and pursuant to state law, of prescription and/or nonprescription medication.

A school administrator, school nurse, teacher or other district employee designated by the school administrator is not liable in a criminal action or for civil damages as a result of a student's self-administration of medication, as described in Oregon Revised Statute (ORS) 339.866, if that person in good faith and pursuant to state law, assisted the student in self-administration of the medication.

A school administrator, school nurse, teacher or other district employee designated by the school administration is not liable in a criminal action or for civil damage as a result of the use of medication if that person in good faith administers auto-injectable epinephrine to a student or other individual with a severe allergy, who is unable to self-administer the medication, regardless of whether the student or individual has a prescription for epinephrine.

The district and the members of the Board are not liable in a criminal action or for civil damages as a result of the use of medication if any person in good faith, on school premises, including at a school, on school property under the jurisdiction of the district or at an activity under the jurisdiction of the district, administers auto-injectable epinephrine to a student or individual with severe allergy who is unable to self-administer the medication, regardless of whether the student or individual has a prescription for epinephrine.

The superintendent shall develop administrative regulations as needed to meet the requirements of law, and the implementation of this policy.

Students may apply to take an online course and may receive credit for completion of approved online courses that meet district or state requirements and academic content standards.

Students may also apply to take an online, eligible post-secondary course through the district's Expanded Options Program. If a student wishes to receive credit toward graduation, that student and the online course offered through the post-secondary institution must meet statutory and district criteria. See Expanded Options Program.

PARENTAL INVOLVEMENT

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the district asks parents to:

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;

Instructional materials used as part of the school's curriculum may also be reviewed by the student's parent(s).

Students may not access social media sites using district equipment, while on district property or at district sponsored activities unless the posting is approved by a district representative.

Students found in violation of the personal electronic device use and possession prohibitions of Board policy and rules as established by the building principal will be subject to disciplinary action. The device may be confiscated and will be released to the student's parents.

The taking, disseminating, transferring or sharing of obscene, pornographic, lewd or otherwise illegal images or photographs, whether by electronic data or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. PHYSICAL EXAMINATIONS

Students in grades 6 through 12 must have a physical examination performed by a physician prior to practice and competition in athletics and shall additionally have a physical examination once every two years and after either a significant illness or a major surgery prior to further participation. Participation in football requires an annual examination. The physical examination is the responsibility of the parent/student and is to be paid for by the parent/student. Record of the examination must be submitted to the district and will be kept on file and reviewed by the coach prior to the start of any sports season.

Students shall not participate without a completed school sports pre-participation examination form on file with the district.

PROGRAM EXEMPTIONS

The district will determine if credit will be granted for any alternative activity.

PROMOTION, RETENTION AND GRADE LEVEL PLACEMENT OF STUDENTS

A student shall be promoted from one grade to the next on the basis of academic, social and emotional development. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the student involved.

A decision to retain a student will be made only after prior notification and explanation to the student's parents. The final decision will rest with school authorities.

Students in grades 9-12 will be promoted or retained in accordance with state and district graduation requirements.

Students will be placed in the grade level or course best suited to meet their needs, based on the district's evaluation of the student's transcript and/or other documentation, assessment, portfolio/work sample evidence, etc., as may be required by the district.

If the student is unable to provide appropriate documentation, the building principal or designee will make the grade level or course determination placement based on district-administered assessment(s) as deemed appropriate.

A student shall not be released from school at times other than regular dismissal hours except with the principal's permission or according to school sign-out procedures. The teacher will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the written approval of their parent or as otherwise provided by law.

Reports of student progress shall be communicated to parents at least annually informing parents of their student's progress meeting toward achieving the academic content standards. Parents will receive reports on their student's absences. Letter grades will be used. Grades and Progress reports will be based on many factors including assignments, both oral and written; class participation; special assignments; research activities and other identified criteria.

At the end of the first three to five weeks of a reporting period, the district will report the student's progress to the student and parent when the student's performance is below average or below the expected level.

RESTRAINT OR SECLUSION

The district has developed a policy and administrative regulation to define the circumstances that must exist and the requirements that must be met prior to, during, and after the use of restraint or seclusion as an intervention with district students (see [Board Policy JGAB](#) – Use of Restraint or Seclusion and the accompanying administrative regulation).

SAFE SCHOOL

Amity School District has a zero-tolerance policy toward violence in the school. Weapons, sexual and racial harassment, and any type of physical violence (threats to kill someone) are PROHIBITED and will be strictly enforced. Students deserve and have the right to attend school in an environment free of any and all violence. The administration will determine the seriousness of any threats.

In order to maintain the stable and serious learning climate necessary for pupils to achieve maximum success, the following rules will apply:

1. Students must be in class on time each day with all necessary materials.
2. Students will treat other people and property with respect.
3. Students will obey all staff instructions the first time they are given.
4. Students will not interfere with the teacher teaching or students learning.
5. A student's conduct in assemblies must meet the same standards as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action

Because the behavior problems of students vary in the degree of seriousness, the corrective actions to be taken must be determined by the professional judgment of an administrator. Although extreme-mitigating circumstances may dictate more questioning.

Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the principal or designee will be present, when possible. An effort will be made to notify the parent of the situation.

Parents are advised that when an Oregon Department of Human Services or a law enforcement official is questioning a child whom the investigating agent believes may have been a victim of abuse of a child, the investigator may exclude district personnel from the investigation and may prohibit personnel from contacting parents.

SEXUAL HARASSMENT

The district is committed to eliminating sexual harassment. Sexual harassment will not be tolerated in the district. Please note: The bus service provider may have additional rules and regulations.

[Disciplinary Procedures for Violations of Transportation](#)

The following procedures shall be followed when a discipline concern arises on a vehicle serving a regular route or an extracurricular activity:

1. First Referral: Principal holds a conference with the student, the parent, the bus driver, and the principal.
2. Second Referral: The student receives a five-day suspension from riding bus. During the time of suspension, the principal will hold a conference with the student, the parent, the bus driver, and the principal. At this time, a behavior contract may be made with the student and a bus seat may be assigned.
3. Third Referral: The student receives a 20-day suspension from riding bus. During the time of suspension, the principal will hold a conference with the student, the parent, the bus driver, and the principal. At this time, a behavior will be made with the student and a bus seat will be assigned.
4. Fourth Referral: Will result in a suspension from buses for the balance of the school year.

Parents will be responsible for the student's transportation to and from school during any suspension period.

In the event that that the referral was the result of damage or vandalism, parents will be responsible for paying restitution.

In all instances, the appeal process may be used if the student and/or parent desires.

Disciplinary sanctions and changes in transportation for a student with a disability shall be made in accordance with the provisions of the student's individualized education program (IEP) for students considered disabled under IDEA or the

individually-designed program for students considered disabled under Section 504 and in accordance with Board-adopted policies and procedures governing the discipline of disabled students.

Getting to School

Crosswalks are provided to ensure your student's safety when crossing busy streets. Please teach your student to use these crosswalks at all times. **When delivering or picking up your student from school, do not park in the yellow zones during bus times. DO NOT STOP OR PARK IN THE RED ZONES.**

If your student walks to school, please teach them to use the safest route, use the crosswalks, respect other people's property and yards, know where *Block Homes* are and use them only in case of an emergency.

We request that bikes be parked in the racks provided and that they be locked with a good quality lock. Students are required to walk their bicycles coming onto and/or going off of school property.

Skateboards/roller blades/scooters or similar devices are prohibited on district property during school hours unless special permission is given by the building administrator for a specific activity

Your student may ride a bus if they live more than 1.5 miles from school. Pupils may ride the bus only for transportation to and from school. Exceptions to the rules require written permission to the teacher or a phone call to the office from

parents/guardians **prior to 2:00 pm** of the day the child will ride the bus. ***Please note that without the permission of the parent/guardian, the student will not be allowed to change their normal routine.*** State law stipulates that no animals are allowed on school buses.

VEHICLES/BICYCLES/SKATEBOARDS ON CAMPUS

Vehicles parked on district property are under the jurisdiction of the district. The district requires that before parking privileges are granted the student must show that they hold a valid driver's license, the vehicle is currently registered and that the student driving the vehicle is insured under a motor vehicle liability insurance policy.

In applying for a parking permit student will be notified that parking on district property is a privilege and not a right. Students will be notified that as a condition of parking on district property, district officials may conduct searches of vehicles upon reasonable suspicion of a policy, rule and/or procedure violation.

Parking privileges, including driving on district property, may be revoked by the building principal or designee for violations of Board policies, administrative regulations or school rules.

Bicycles ridden to school by students must be parked in the designated area on school grounds and should be locked. Students under the age of 16 must wear a helmet as required by law.

Use of skateboards/rollerblades/scooters on district property during non-school hours is at the user's risk.

The district assumes no liability for loss or damage of personal property, including vehicles, bicycles or skateboards, or to injuries caused in the use of them.

VISITORS

Parents and other patrons are encouraged to visit district schools after scheduling such visits with the principal. To ensure the safety and welfare of students, that school work is not disrupted and that visitors are properly directed to the areas in which they are scheduled, all visitors must report to the office upon entering school property. Photo ID of visitors may be requested. In the absence of photo ID, a visitor may be denied access to the district facility. The principal will approve requests to visit, as appropriate.

Students will not be permitted to bring visitors to school without prior approval of the principal.

VOLUNTEERS

There are many opportunities for adult volunteers to assist throughout the year. Volunteers must undergo a Criminal History Verification every two years and complete Online SafeSchool training annually before they can volunteer, this information is available on the school district's website.

EMERGENCY SCHOOL CLOSURE

In case of inclement weather or other emergencies that might result in a late start, an early release, or a complete closure of school, you can tune into the major radio and/or TV stations to find out the status of Amity Schools.

The following are the major TV & Radio stations only:

KATU channel 2	KGW 620 AM
KOIN channel 6	KEX 1190 AM
KGW channel 8	KLYC 1260 AM
K 103 FM	KSLM 1390 AM

The schools and well as the district office, are now equipped with automated answering systems. Closure information will be available by calling the buildings. The phone messaging system will also be utilized.

You can go to our website at:
www.amity.k12.or.us

Information also on FlashAlert Messenger

It is a good idea to make arrangements ahead of time with a neighbor, relative, or friend to receive your child in case there is an emergency early school closure and you can't get home before they do. Let your child's school know of these arrangements so the school can make sure the child gets home safely. Also, be sure to talk with your children about these arrangements (especially the young ones) so they will not become upset if their routine is changed.

Regular attendance is REQUIRED!

Regular school attendance means...

- Rarely being absent from school
- Attending 95% of school days (or better!)
- No more than 7 absences for the school year (or less!)
- Being on time for school, arriving no later than 7:55 a.m.

Attendance Matters!

- Chronically absent children in kindergarten and 1st grades are much less likely to read at grade level by the end of 3rd grade.
- Children who struggle to read by the end of 3rd grade are four times less likely to graduate from high school.
- Chronically absent includes both excused and unexcused absences.
- Both excused and unexcused absences have a negative impact on student learning!
- Being tardy also has a negative impact!

What Works?

- Avoid scheduling appointments when school is in session.
- Avoid vacations when school is in session.
- Ensure a regular bedtime.
- Lay out clothes and pack backpack and lunches the night before
- Establish morning routines for getting ready for school
- Ensure your child goes to school every day unless they have a fever, diarrhea, or are vomiting
- Do homework in the evening

ABSENCES

Parents are requested to notify the school **office** if their child will be absent. The Amity School District uses Parent Vue via Synergy. Parent Vue has an app that you can download. Through Parent Vue, you can easily report absences. When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence if parents have not already called the school office.

Please refer to the district policy regarding what constitutes an excused absence.

TRUANCY/CHRONIC ABSENTEEISM

Our goal at AES is to reduce our absentee rate to 7 days per student per year.

Excessive absences from school create a situation that if not corrected, will result in the loss of learning and possible intervention.

ACTIVITIES/FIELD TRIPS

Multiple absences will jeopardize a student's privilege to attend student activities or field trips. Attendance letters will go out at the end of each semester. The student's percentage of attendance is calculated regardless of the reason for the absence. If your student is experiencing excessive absences, this may result in a teacher meeting, conference with administration, and/or an attendance contract to ensure your student can participate in school-sponsored activities (field trips, assemblies, field day, Outdoor School, etc.).

A student who is absent from school will not be allowed to participate in school-related activities that day or evening, i.e. Winter Program, Family Nights, etc.

TARDY

8:00am or later, students are considered tardy and must check in at the office, after 9:30am it will be recorded as a half day absence. To minimize classroom disruption, students will walk themselves to class or walk with a staff member. Excessive tardiness results in a loss of learning for your student and may necessitate a meeting or phone conference with administration and/or teacher to create a plan to reduce tardiness and support student learning.

Being tardy to school will be excused under the following circumstances:

- Late bus
- Doctor or dentist appointment. Confirmation of appointments may be required.
- Alternative start time
- Other reasons deemed appropriate by the school administrator.

All other tardies are considered unexcused.

EARLY DEPARTURE

- For the safety of our students and parents, we ask that students not be checked out between 2:50 and 3:20
- Parents must check out their child at the office

CHANGING STUDENT'S AFTER SCHOOL RELEASE PLANS

Parents need to designate a regular plan for their child for after school release, whether that is riding the bus, attending Bridge, walking home, or adult pick-up. If this plan changes, the parent needs to notify the school in writing of the change or call the school **prior to 2:30. Without notification from parents/guardian, the normal plan of release will be followed.**

AFTER SCHOOL ACTIVITIES AND BRIDGE PROGRAM

Amity Elementary offers Bridge, an afterschool program. Registration is required and fees are assessed. For more information on this program, please contact the office at 503-835-3751.

After school activities, such as scouting and sports are available in our area. While Amity Elementary School does not sponsor these activities, we do encourage student participation and we regularly distribute information from the various organizations.

We cannot accept responsibility for your student's welfare while your student participates in such activities, and we suggest you learn as much as you can about the sponsor before enrolling your student. In addition, it is wise to check with your student on their feelings about participation.

Good attendance and punctuality make a difference!

It shows our kids that:

- **parents value education,**
- **improves academic performance, and**
- **promotes future success.**

School Matters!

AES is a PBIS School:

Welcome to Amity Elementary, home of the AES Warriors! At Amity Elementary, we are committed to ensuring student safety and a positive school environment. To achieve a safe and positive school, we implement a series of strategies called *Positive Behavior Interventions & Supports*, or *PBIS*.

The goal of the PBIS team at AES is to create and promote a safe and positive school environment that enhances student learning. By consistently teaching and modeling, reinforcing, and recognizing positive behaviors, we believe our students can do their best.

What is PBIS?

Positive Behavioral Interventions and Supports (PBIS) is a proactive approach in creating a positive, predictable, consistent, and safe school environment. PBIS focuses on three basic ideas for improving school climate and culture:

- 1) Developing consistent school-wide & classroom expectations
- 2) Teaching these expectations to all students in a variety of ways

3) Recognizing students for following the expectations

PBIS @ AES

PBIS focuses on several different components including clearly defined school-wide behavior expectations, and then teaching those expectations to all students. Amity Elementary focuses on 3 defined behavior expectations for all students, staff, and settings. At AES:

WE ARE PROUD WARRIORS
WE ARE **SAFE, RESPECTFUL, AND RESPONSIBLE**
WE LEARN TO WORK HARD
WE WORK HARD TO LEARN
BECAUSE LEARNING AND HARD WORK LEAD TO SUCCESS
GO WARRIORS!

As part of defining expectations, we also developed a PBIS behavior chart that positively lists the expected behaviors for all common areas at AES. Our PBIS behavior chart allows clear and consistent expectations and language for all students and staff.

To teach the expected behaviors, our staff conducts Pow Wows. Throughout the Pow Wow, students see different staff members demonstrating expectations for various common areas including the hallway, bathroom, cafeteria, as well as arrival and dismissal. Pow Wows are held 3 times per year.

PBIS RECOGNITION @ AES

To recognize/acknowledge students for following our expectations, we use a variety of PBIS tools for positive reinforcement when we see our students demonstrating appropriate behavior. Some of the ways we do this include our:

- WARRIOR Wow! The AES version of “Caught Ya Being Good” tickets. WARRIOR Wows are used to acknowledge/recognize students who are caught in the act of being great students. With this, staff members positively acknowledge or recognize the behaviors we expect to see at AES. WARRIOR Wows are used to purchase items from our student store.
- WARRIOR Prides: Prides are used to recognize students and classes who go “above and beyond” in their behavior. Warrior Prides are collected and students have the chance to be recognized for their behavior in our morning assembly.
- WARRIOR Banner: Once/week, 2-4 classrooms will have the opportunity to earn a Warrior Pride Banner. Classroom Warrior Prides are awarded by teachers or other staff members to whole classrooms exhibiting exceptional behavior. These are hung up outside the classroom doors and recognized classes that demonstrate safe, respectful, and responsible behaviors.
- Golden Broom Award: Once/week, 2-3 classrooms will have the opportunity to earn the Golden Broom Award from the custodians. The custodians will choose the cleanest classroom in the primary and intermediate classrooms of AES. The Golden Broom will be displayed outside the classroom door to recognize the classrooms that demonstrate responsibility by cleaning up after themselves.
- Character Charms: AES will focus on a specific character trait throughout the entire month, and classroom teachers and specialists will recognize students from their class who showed that character trait that month. These students and their adult family members are invited to attend a monthly celebration with treats and a picture for the yearbook.

- Assemblies: Students are recognized and awards are given during our Quarterly assemblies.

Thank you for taking some time to learn about PBIS at Amity Elementary and our expectations. We want our staff, students, families, and community members to know what it means to be a warrior at our school.

Parents can participate by talking with your student(s) about AES behavior expectations and reinforcing them by awarding a WARRIOR Pride for showing the behavior at home. Warrior Prides can be requested from the school office.

We're extremely proud of our AES Warriors that come to school every day to be Safe, Respectful, and Responsible students.

CONSEQUENCES FOR FAILURE TO MEET EXPECTATION

Steps of Action:

- 1) Warning – this is verbal and will only be given once. Students who repeat the same behavior day after day will lose the right of a warning
- 2) Time Out - student will spend a short time out in the hall or on the curb or wall at recess
- 3) Violation/Incident Report with intervention

Referral (Major) – severe behaviors may result in immediate parent contact, in-school suspension, out of school suspension, or recommendation for expulsion.

BEHAVIOR INTERVENTION

Behavior interventions may be determined by the needs of the individual student.

Possible Interventions: (not a complete list)

Problem Solving/Recess Freeze
 Parent Phone Call
 Daily Teacher/Parent Behavior Communication
 Loss of Activity
 Parent Conference - CICO (check in/check out, daily point sheet)
 Parent Conference – FBA & Behavior Plan/Contract

School Discipline

- Violations (minors) for Different Offenses:
 - Two or less violations for different offenses will result in result in a loss of privilege, problem-solving with the principal, and/or other consequence set forth by the teacher, determined by the level of offense
 - When a student receives their sixth violation (minor) for any offense, the violation will become a referral (major) and will result in parent contact from administrator and the student will serve a lunch detention at the next closest lunchtime to the offense (could be same day, following day or week, depending on when the violation occurs)
- Violations (minors) for the Same Offenses:
 - Two or less violations for the same offense will result in a loss of privilege, problem-solving with the principal, and/or other consequences as set forth by the teacher, determined by the level of offense
 - If a student receives three violations (minors) for the same offense, the fourth one for that same offense will become a referral (major) and will result in parent contact from administrator and the student will serve a lunch detention at the next closest lunchtime to the offense (could be same day, following day or week, depending on when the violation occurs)

- Referrals (majors):
 - Any violation (minor) can be 'promoted' to a referral by the principal based upon the severity, nature of the offense, and feedback from the issuing staff member
 - Referrals result in parent contact from administrator and the student will serve a ½ day or full day of in-school suspension (ISS) dependent upon the nature of the behavior (schoolwork is provided by the classroom teacher, ISS conducted by a member of the behavior support team)
 - More than two referrals will result in a behavior contract for the next school activity, event, or field trip
 - For interdistrict transfer students, more than two referrals will result in the interdistrict transfer being revoked
- Examples of violations and referrals are (not a complete list):

Activities/Field Trips:

If your student is experiencing excessive referrals/violations, exhibiting unsafe/disruptive behaviors, and/or has multiple missing or incomplete assignments, this will result in a teacher meeting, conference with administration, and/or a behavior contract to ensure your student can participate in school-sponsored activities (field trips, assemblies, field day, Outdoor School, etc.).

We care about your children. We want them to work and play in an environment conducive to learning. Good behavior will be reinforced in a positive way. Alternatives to inappropriate behavior will be discussed with the student and parent.

Amity Elementary Academic Program

At Amity Elementary each student receives instruction in reading, writing, math, problem solving, science, social studies, and learning about other people and the world around us. Along with basic skills, we offer instruction in physical education, library, and technology. We expect a high level of achievement on our state and district learning goals for all students.

We provide **Special Education** services in the areas of learning disabilities and speech and language. As a **Title I School-Wide Program**, supplemental services are available for all students in grades K-5 with a focus at K-3. Parents are encouraged to become involved in the organized, on-going planning, review, and improvement of the school's Title I program efforts. Notification will be provided about meetings regarding the school's participation in and requirements of Title I.

We have **Highly Qualified Teachers** in our school and strive to bring the best teaching talent to our students. As a parent you may request information regarding the professional qualifications of your child's teacher. Your school principal can share information about the teacher's licensure, college degree(s) and major(s). Additionally, you may request information about whether any paraprofessionals provide services to your child and, if so, their qualifications. Please contact your school principal if you have questions about the qualifications of the staff that support your student.

STUDENT ASSESSMENT

All student work is assessed on a day-to-day basis by our teaching staff. Students are provided support and encouragement and sometimes are asked to provide a critical assessment of their own work. Although informal reporting to parents is done often throughout the year (phone calls, conversations, etc.) formal progress reporting is done two times per year with progress reports in between.

Starting in grade 3, students are formally assessed on their progress toward state standards. The Smarter Balanced Assessments will be taken during the spring quarter. Specific information and time lines will be sent home. We will be working very hard to demonstrate continuing student growth in all areas tested. The school AND the parents must be focused and dedicated to continue student growth. Reading and math success will make a difference in your child's life, and elementary school is the place to build the foundation! Student growth is the underlying motivation of all our work.

ACTIVITIES /FIELD TRIPS

The lack of completed assignments and/or poor school attendance may jeopardize student's privilege to attend school activities and field trips.

CONFERENCES

All parents must attend conferences. This is a requirement.

Teachers will contact parents to schedule a conference time in which we sit down and talk about your child's needs and goals for the school year. Our hope is to learn about your child from you and to plan for the coming year. Conferences will be held in November and April.

The staff, students, and the **parents** must remain focused and committed to high achievement for all. Success will make a difference in your child's life, and elementary school is the place to build the foundation.

Other Pertinent Information

MEDICATIONS – PRESCRIPTION AND OVER THE COUNTER

All medications that are to be given to students at school must:

- Be brought in by a parent or guardian
- Checked in at the front office
- Physician's instructions or instructions that come on the bottle of over the counter drugs such as Tylenol or cough drops
- Be in the original container (no sandwich bags or envelopes)
- May only be checked out by a parent or guardian

Any medications not checked out after the last day of the school year will be disposed of by school officials.

CELL PHONES, SMART WATCHES, HANDHELD GAMING SYSTEMS, AND ELECTRONIC DEVICES

We recognize that with long bus rides and after school arrangements, some parents would like their children to carry cell phones, MP3 players and other electronic devices. However, these items may not be turned on or used during the school day. During school hours, parent contact from students should occur in the office, and not with an electronic device.

Any electronic devices that are seen or used during the school day will be confiscated. For an initial violation, students will be able to pick up their electronics at the office at the end of the day. Subsequent violations will necessitate a parent coming in to school to retrieve the electronic device. **The school will not be responsible for any lost, stolen, misplaced or damaged electronic devices.**

The school strives to provide appropriate playground equipment for student use during recess time. Toys and other valuables should not be brought to school, as **they are not allowed on the playground.**

DRESS AND GROOMING

The responsibility for dress and grooming rests with the student and parents. A student's dress or grooming should not affect safe participation in school classes, programs, other school- related activities, or be disruptive or distracting to the educational setting. Students must wear clothing and shoes appropriate for public spaces and dress to allow participation in ALL activities, including physical education and recess.

Allowable Dress & Grooming

- Clothing that covers all of a student's undergarments (shorts under dresses and skirts, please)
- Use the "fingertip" or "mid-thigh" rule when determining an appropriate length for your child; typically, a 3–5-inch inseam will meet these standards
- Hats and other headwear must allow the face to be visible and not interfere with the line of sight to any student or staff. If hats become a distraction, they will be taken away and returned at the end of the day.
- Clothing that is suitable for all scheduled classroom activities, science labs, and outside play
- Shoes that are appropriate for recess and PE (sandals with straps, tennis shoes)
- Sunglasses and/or umbrellas at recess only and when weather is appropriate for such items

Non-Allowable Dress & Grooming

- Clothing that does not cover all undergarments
- Tank tops or shirts that are cut open or tied at the side

- Shirts or tops without straps
- Jeans or shorts that are distressed enough to expose the upper thigh or buttock areas
- Flip flops
- Sandals or shoes without straps
- Shoes with wheels or “heelies”
- Shoes, especially high heels, that have slippery soles
- No weapons, including pocket knives
- Clothing that depicts, advertises or advocates the use of alcohol, tobacco, marijuana, firearms, weapons, or other controlled substances
- Clothing that is obscene or has profane language and/or graphics
- Clothing that uses or depicts hate speech targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation or any other protected groups
- Clothing that is gang-related or has gang identifiers

If the student’s attire or grooming threaten the health or safety of any other person, then discipline for dress or grooming violations will be consistent with discipline policies for similar violations.

Dress Code Violations

If a student does not meet dress code expectations, alternative clothing may be provided by the school or the parent/guardian may be contacted and asked to bring in appropriate clothing for the student.

LOST AND FOUND

Please place names or labels on coats and school items to help us return lost items to their owner. If your child is missing an item, please check the lost and found. Small found items such as glasses, jewelry, and keys are kept in the office for security reasons.

APATT

Amity Parents and Teachers Together is an active parent group, which is responsive to the many needs of students and parents in Amity Elementary School. Your participation in this organization helps build a sense of community. Meetings are generally held the 1st Tuesday of the month at 6:00pm. You will receive information on how to participate early in the school year or you can follow them on Facebook.

CHAPERONES

Chaperones are adults with an approved background check that are in charge of a group of students. Chaperones are required to ride the bus on field trips. Younger siblings will not be allowed if you are a chaperone.

VISITORS

You are welcome at Amity Elementary School! Please come in to have lunch with your child and go out to recess with them! Check in at the office to receive your visitor badge. **Please note that a visitor is much different than a volunteer: visitors typically spend less than an hour at a time in the building, do not need a background check, and do not escort their student(s) back to class after lunch or recess time.*

VOLUNTEERS

You are welcome at Amity Elementary School! There are many opportunities for you to assist in the classroom, in the library, and during activities. The staff not only appreciates your help, but also enjoys working with parents and community members. Volunteers have found this to be a rewarding and worthwhile experience. If you are interested, please contact your student's teacher or the office.

Volunteer hours include the following:

- Classroom aide
- Making copies
- Thursday folders
- Homework help
- Field Trip chaperone
- Field Day
- Jog a thon
- Library aide
- Anything else as needed

Volunteer Hours:

- 8:30 am – 2:30 pm
- Volunteer hours do not include lunch with your child/ren

Volunteers must have a background check approved prior to volunteering. Background checks can be found at the office. All volunteers must sign in and sign out at the front office and wear their badge/sticker during their visit. To give our teachers and students time to settle into their day and clean up at the end of the day, we have set times for beginning and ending volunteer time.

- **Daily start time for volunteers will begin at 8:30 am.**
- **Volunteers need to check out by 2:30 pm.** Students will follow their end of day routine.

We want to create the best possible learning environment for all students so we ask that parents refrain from visiting their child while volunteering. This will keep distractions to a minimum during classroom time.

PARTIES, GIFTS, AND BALLOONS

Parties and other celebrations will be conducted at the discretion of the teacher.

Please note: homemade food items are not allowed at parties or any other occasions at school.

Any gifts and balloons will be held in the office until 3:10 pm. Balloons are not allowed on school buses.

PHOTO RELEASE

Students may be photographed for our school's social media pages and/or publication in our school yearbook. Photo release permissions are addressed in the online registration portal in ParentVUE. Within ParentVUE, there is a brief section that explains photo permissions and the option to opt out. If you do not want your student's photo posted online, you must notify the district in writing as soon as possible.

When using student photos for social media purposes, the school will follow these guidelines:

- No identifying student information (such as full names, addresses, or personal details) will ever be shared
- Posts will focus on group activities, events, and general classroom experiences
- All content will follow district guidelines for online safety and appropriate use

If you haven't opted out in writing, the school may use your student photos as outlined above.
